

# Support Us

To support our mission to provide dignified and fulfilling work for adults on the Autism Spectrum, there are ways you can help:

## **Give us a donation !!!**

- It is as easy as clicking the donate button on the right. No donation is too small - they add up to help us to add more individuals to the program

## **Volunteer**

- Use your training and experience in a technical field such as software testing, web design or medical data entry to help **train our clients** or help us **get the word out**

## **Help us find open minded decision makers**

- At high tech companies to which we could provide software testing services. Research has shown that personal contacts are the basis of success in job searches - **use your contacts to get us work!**
